Fireplace Briquettes

Original Handmade
Briquettes for a
Beautiful Fireplace

The intrinsic qualities of our locally dug clay combined with 140 years experience in brick making produce truly unique, handmade briquettes, for fireplaces, where we have a reputation for being the leading national manufacturer.

Briquette Fireplace Kits

Fireplace kits are available in 3 colours and 4 different designs. All fireplace kits are designed for a standard 16in. or 18in. fire. However, each can be adjusted to permit a larger or smaller opening by simply adjusting the back pillars. Should you require any extra briquettes in order to alter a design to a different height or width then the necessary briquettes are available ex stock.

These designs require some simple cutting of the briquettes and/or tiles. Each kit comes with guidance notes.

All sizes and dimensions are approximate.

Briquettes

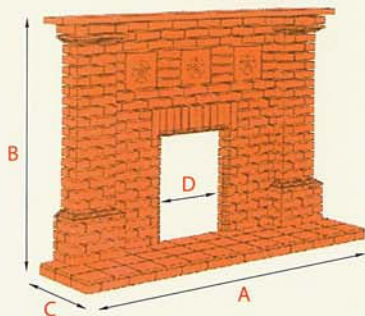

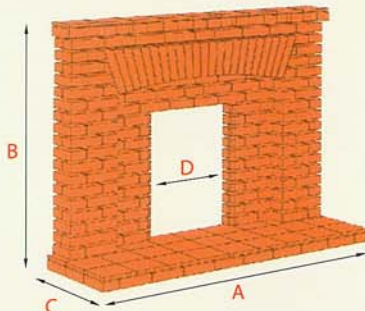

An alternative to fireplace kits is the wide range of briquettes, available in 3 colours, which give endless design opportunities. Each briquette is individually moulded by hand giving a soft, mellow appearance that is both decorative and functional.

Asquith
